# Anti-Theft Bag for Travel

## CONMIGO® ULTI™ Messenger Bag Ideal for Older Adults

**Laguna Niguel, CA, December 22, 2022** - CONMIGO® LLC, the leading international travel, lifestyle, and performance brand, launches the breakthrough ULTI™ Messenger Bag with a TSA-compliant detachable portfolio for electronics, seat cushion, and enhanced safety features.

Safety is always a concern when traveling. Using a secure travel bag always should be a priority. Many of us put travel plans on hold at the beginning of the coronavirus pandemic, and the thought of travel can still cause worry. Whether that's related to the fear of catching COVID-19 or the unease stemming from a lack of practice, the worry is still there. But being prepared can help ensure you enjoy a much-needed trip.

As highly desirable tourist destinations become more crowded each season, travelers are increasingly aware of protecting themselves against pickpockets and scammers. Unfortunately, handbags and backpacks are prime targets for such crimes. Which makes using a **good anti-theft bag** so important when you travel.

The rate of nonfatal assaults against adults 60 and older soared by about 53 percent annually after 2019. Researchers said the findings represent an "emerging and underreported" problem amid an aging America: A projected 78 million people will be 65 or older by 2035, representing about a fifth of the U.S. population, according to the [U.S. Census Bureau](https://www.census.gov).

Burglary, robbery, and fraud are the crimes most frequently committed against the elderly. A resurgence in tourism, however, has led to increased opportunities for, and incidences of bag snatching, pickpocketing, phone grabbing, and general ripping off of tourists.

Traveling is vital for our mental health. Whether you're traveling thousands of miles a year, or taking the occasional short trip, you can avoid extra risks, common travel hazards, and pitfalls when using the **CONMIGO® ULTI™ Messenger Bag**.

"Feeling safe while on the road is very important to me." said Bernadine Cruz, Founder of CONMIGO® "I could never find a carry-on that met my needs, so I designed this bag to have the best features for both security and organization."

### Features and Benefits of the ULTI™ Messenger Bag:
